Our Mastery, Your Vision

Our artistry's identity was born from the belief that beauty exists in infinite forms. Since 2014, we've worked with clients of every ethnicity and skin tone—each uniquely glamorous, each a hue of glam.

With **over 450 services** provided by our team in **2025 alone**, our artistry is rooted in experience, intention, and individuality. We specialize in creating **timeless glam** that moves with you, **emphasizing your natural features and personal style**. Masters of soft, luminous glam, we remain effortlessly versatile—from barely-there beauty to bold, defined looks.

In My Chair

Founder & Team Lead: Ayesha Khalid

From the moment you sit in my chair, I understand that I become part of something meaningful—**your day, your story, and the memories that will live long after**. While the goal is to help you look your best, my role goes far beyond that. I hold space for emotion, bring calm to the chaos, and take the time to truly know you. I share techniques you can carry into your everyday life, so the artistry doesn't end when the day does. What you receive is more than a service—it's an experience shaped by care, presence, and a deep love for what I do.

Additional Artists

- Having additional artists is really helpful when you want to cut down on time, especially when you have a lot of services plus an early ready time. Non-bridal services are booked for 30-45 minute increments and bridals are booked for 60-90 minute increments depending on the desired look. In order to add an additional Artist, you must first meet the minimum requirements for the lead artist unless there are time constraints for the timeline.

Travel Accommodations

Flight Requirements: If your booking requires for the Artist to take a flight, the Artist will book the flight and it must be reimbursed within 12 hours of Artist booking. Car rental, hotel accommodation, and meal allowance must also be included.

Hotel Stays: When a hotel accommodation is required, the artist will let you know of the check-in and check-out requirements, after which you may book on your own using the pre-approved list of hotels or the artist can book and you may reimburse the amount within 12 hours. The hotel must be within a 15 minute driving radius to the getting ready location and must include parking.
